Document 3 — Alternative Phone Price and Availability

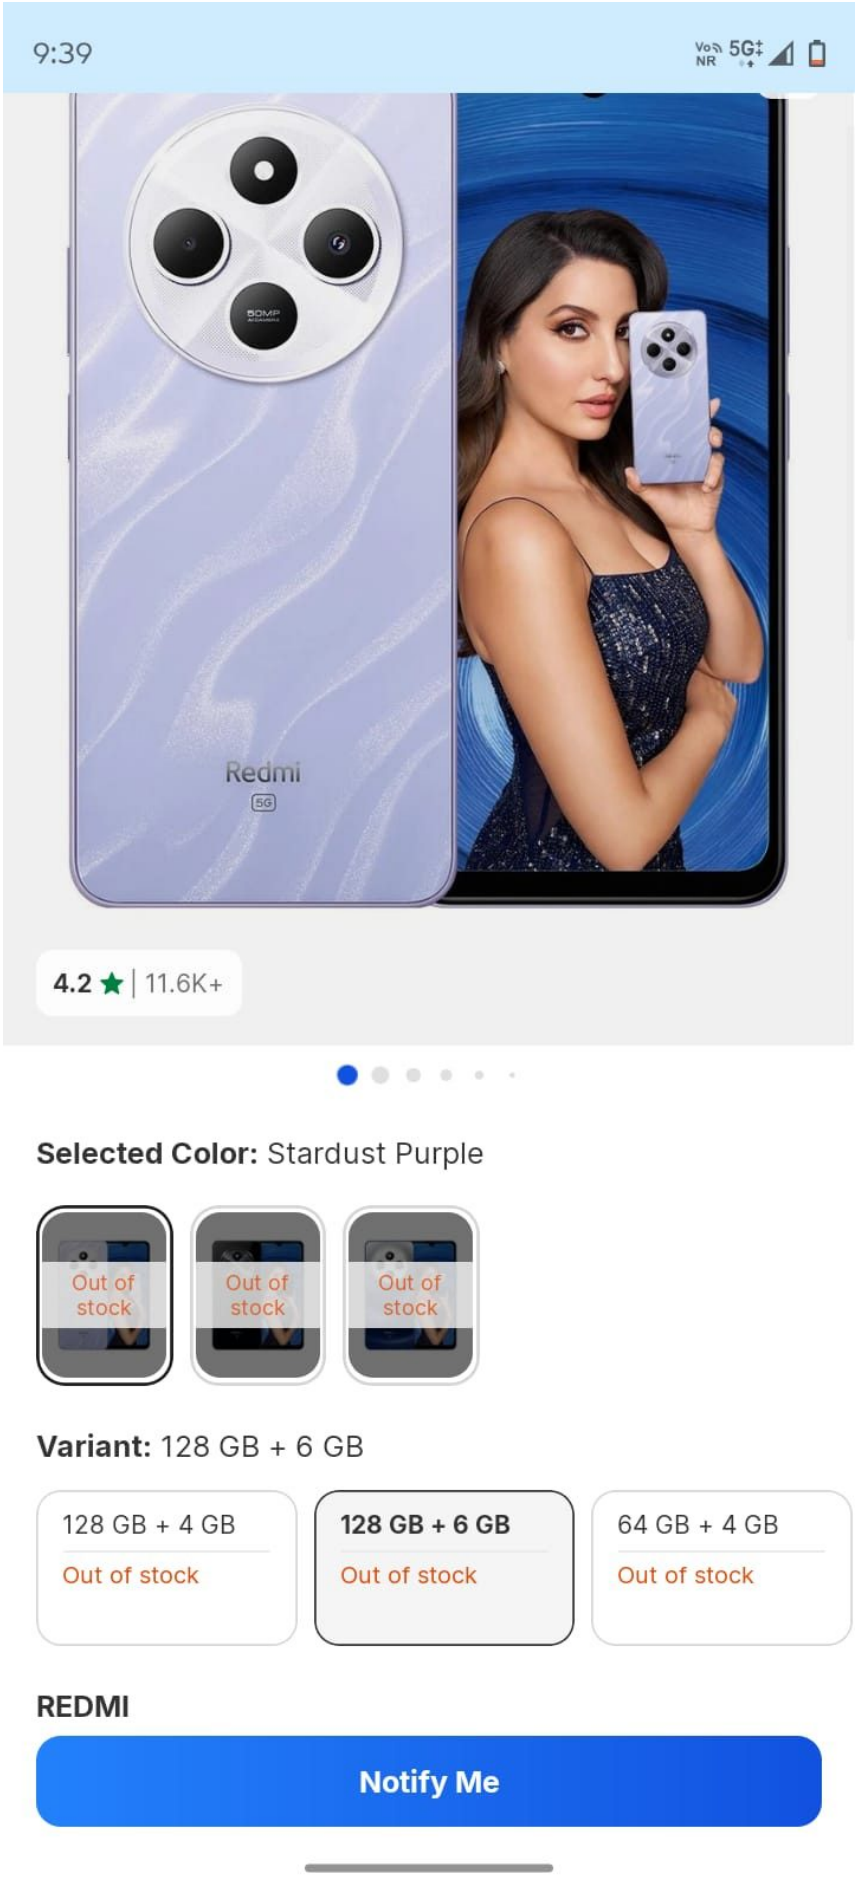

Evidence for Flipkart grievance: Redmi 14C 5G price and subsequent unavailability

Supporting screenshots are reproduced as provided. Prices and availability reflect the screenshots' capture time.

Screenshot 1: Redmi 14C 5G (6 GB RAM / 128 GB) listing showing ■16,999 and a displayed ■15,749 offer price subject to eligible offers.

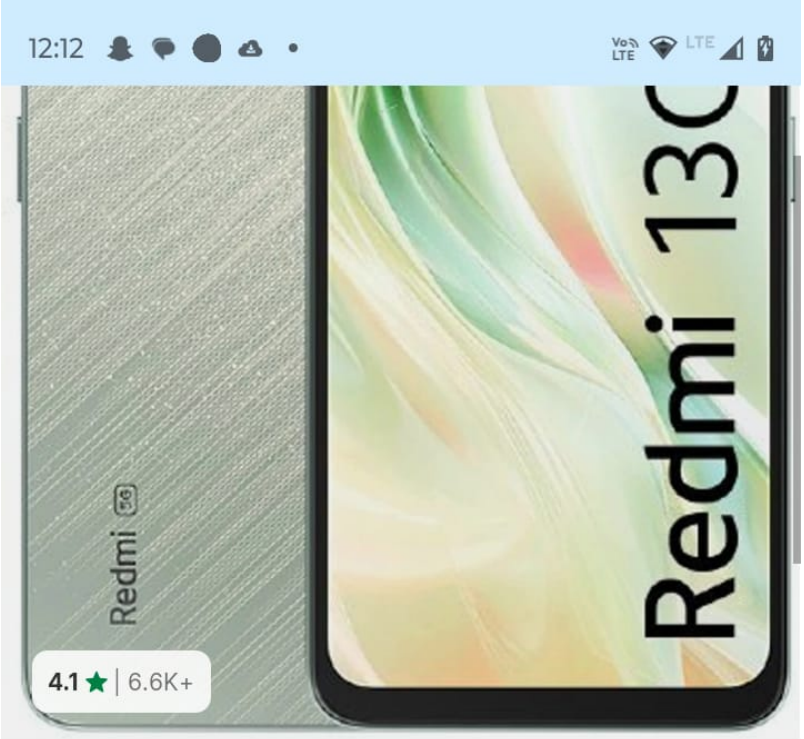

Screenshot 2: Redmi 14C 5G listing showing the displayed colour/variant options as out of stock.

Additional Evidence: Original Phone Unavailable

This screenshot shows the Redmi 13C 5G (Startrail Green, 256 GB storage, 8 GB RAM) listing on Flipkart with all displayed colours and storage variants marked “Out of stock” at the time of the screenshot. It supports the complaint that placing a fresh order for the same product, as suggested in the 500 SuperCoins offer, was not a practical option when the product was unavailable.

Selected Color: Startrail Green

Variant: 256 GB + 8 GB

128 GB + 4 GB	128 GB + 6 GB	**256 GB + 8 GB**
Out of stock	Out of stock	Out of stock
